The Shiksha Scholarship Program addresses critical barriers to education by offering financial assistance of up to INR 20,000 per student per year, or the actual course fees, whichever is lower. Over a three-year undergraduate program, eligible students can receive up to INR 60,000, based on their annual performance evaluation.

The program will empower up to 300 students over three years. In addition to financial assistance, the scholarship includes a structured mentoring program where RBL Bank employees and external mentors will guide students and offer professional insights to support their growth and future career readiness. The scholarship amounts will be disbursed directly towards tuition fees.
